1630 Cords
 540 Cords
 380 Cords
 225 Cords
 100 Cords
 50 Cords

Sale Area: Harvest all stems with one stick or more except do not cut Cedar or Hemlock.

Sale Notes: Sale is adjacent to an active ATV/snowmobile trail. Will most likely reroute the trail during operations for safety and operation reasons. Winding corners will likely need to be straightened out before trucking operations. Rugged rocky terrain along with some potentially small wet areas are located on the SE peninsula of the sale and may need dry or frozen conditions. Spruce will be scaled as Jack Pine. Any other species that appear that are not listed in the sorts will be scaled as mixed hardwood pulpwood.
